

FLYBE (BE)

Heads to Heathrow

Flybe announced that it is heading to London Heathrow for the first time to connect the UK's largest international airport with Scotland, offering a choice of more than 40 scheduled flights a week from Aberdeen and Edinburgh. The new routes complement Flybe's well-established London City flights from the two Scottish airports.

Flybe will be using Heathrow's Terminal 2 and will offer 'One Stop to the World' connectivity to its codeshare and interline partners. Flights have been conveniently timed for both business and leisure travel.

This route expansion means that, with effect from 26th March 2017, Flybe will offer up to 18 flights a day between London and Edinburgh, and 10 between London and Aberdeen.
